INTERCOLLEGIATE CHAMPIONSHIPS WON BY ALL-STAR MCGILL TRACK TEAM WHICH DOUBLE OPPONENTS' SCORES

Toronto 39—McGill 83—Kennedy is High Point Winner—Hay Gives Remarkable Exhibition as he Wins Sprints—Legg and Hamilton Run Heroic Middle Distance Races—Gaboury Wins Pole Vault and Discus Bell is Toronto Star—Splendid Climax to Track Season.

McGill won the track meet against Toronto yesterday by a score of 83 to 39, winning at the same time the intercollegiate championship for the fourth time in as many years and the thirteenth time since the meets were first held. Just as the crimson set over the white capped mountain a muffled cheer from the field house followed by a McGill yell told the spectators that the meet and another championship had gone to McGill.

The Red and White team made two records. Hay added his name to those who have run the hundred in ten flat, while Kennedy broke the high jump record. The Toronto runners fought in every event, conceding nothing until each race was over. They kept on fighting even after the meet was lost, showing splendid spirit in face of overwhelming odds.

Despite the weather, the track was in good shape. The men in charge of the grounds spared no effort to have everything in order and the management of the meet was a splendid exhibition of efficiency. Every effort was made to protect the runners from the cold so that they were able to make the showing that they did. The McGill team ran every race at their best. No attempt was made by the runners to save themselves. In the long run of the mile both McGill men ran till they were exhausted and then sprinted. It was a wonderful exhibition of nerve and training, both teams fighting till the last step.

The first call for the discus and hundred was given at 2.15, and the men slowly trailed out of the field house. The discus hurlers started their work first. Bell, of Toronto, stepped into the ring, his six feet of height towering over the Red and White opponents. He hurled the discus 78 feet. Kennedy entered into the ring and on the first throw sent the weight 110 feet and 10 1-4 inches. Gaboury then sent a short throw

on the last turn but Hamilton also opened up and the Toronto runner was unable to stand the pace, so that on the completion of the last turn Legg tore up behind Hamilton and both running side by side, repeated the performance of last week, finishing a dead heat. The time for this race was 2 minutes and 5 seconds. Cade, of Toronto, finished third, running a splendid race.

In the pole vault the cold weather had its effect. The wind was too sharp and the ten-foot-six mark decided the winner, when Gaboury, who won the discus, covered the height. Francis, the Toronto star, had a bad ankle and was

not in good form. He and McVicar tied for second place. Gaboury then tried for the record but after one attempt gave it up. The cold weather made a good performance almost impossible.

The running high jump was the real record-breaking event of the day. Kennedy, of McGill, sending himself over the five-foot-eight and seven-eighth inch mark. He was in great shape and al-

but on returning for his second try this athlete came within two feet of the record, when the discus covered 116 feet 4 1-8 inches. This won the event, Kennedy placing second on his throw and Bell getting third with 101 feet 4 1-2 inches.

While this event was being run on, the hundred yard entries came to the mark. The start of the race saw Cece Hay coming down the straightaway. Vince, the little Toronto runner, pushed the Blue and White across the line for a second place, while Johnson, of McGill, ran a close third. The time for the race was ten seconds flat, equalling the old record held by two Toronto runners. Dr. Sebert and Frank Halbus, the two men who ran a dead heat, and set the old mark, were both present to see Hay add his name to the list of record-holders.

The half mile call was the next to be given. Legg and Hamilton, both well known McGill runners, were the entries in this event. Hamilton set the pace during the entire race. On the back straightaway a Blue and White runner made a strong bid for the pole

though the cold made it most difficult to jump he bettered the old record by almost an inch. Kennedy was cheered by the crowded stands as he topped the bar for the record.

Bell, the huge Toronto weight man won the shot, being forced by Kennedy to exert himself to do his best. This mighty track man sent the sixteen-pound shot thirty-five feet through space to a win. Kennedy placed second and Jardine took third.

In the two-twenty, McGill staged a clean-up. Both the Red and White stars, Johnson and Hay, ran and it was a beautiful race. Hay came down the track like a locomotive with Johnson forcing him every foot of the way. Vince of Toronto, placed third. The big M's that the McGill men wore were in front the entire race.

The broad jump was another all-McGill event, when Kennedy once again came to the front to score a good win with Patterson following at a close second. Lively, a Toronto man, nailed (Continued on Page Two)

FIRST TEA DANCE THIS AFTERNOON

Novel Event at Union—Some Tickets Left

In a most appropriate setting, the first Union Tea Dance will take place at 4.30 o'clock this afternoon, after what it is hoped will be a McGill victory. A number of tickets may still be purchased from the Union porter for the price of \$1.25.

In years gone by the "twosomes" descending stiffly from the cold grandstand have one south or west many blocks from the Stadium before reaching some warm haven, where the game and the players, the score and the formations, and many other matters could be discussed over a hot cup of tea. This year the Union will be the host for the University crowd.

The entertainment offered as relaxation after the trying and strenuous afternoon is to be of the very highest order. The Cafeteria management needs no word of praise or introduction to McGill men after these three weeks of perfect service, sufficient to all will be the statement that the Cafeteria is providing the "tea" part of the affair. Even less introduction is necessary for the musicians—the McGill Dance Orchestra featuring Adney and Le Baron.

The Union is offering an opportunity for everyone to enjoy a perfect tea dance under University auspices, something never attempted previously. The undergraduates and graduates are recommended to participate today in this celebration of the game.

STUDENTS TO HEAR MISS M. WRONG

Supper Meeting at Strathcona Hall To-night

Miss Margaret Wrong, the well known travelling secretary of the World's Student Christian Federation, is to address a supper meeting at the Strathcona Hall this evening at 6.00 o'clock.

It is expected that fully 150 McGill men will have the good fortune of hearing such a discussion on conditions of their fellow students in the impoverished universities of Europe.

The extremely small sum of 35 cents will be charged for the supper. But a far greater inducement for the students to be present, will be the opportunity of becoming acquainted with Miss Wrong, who has first-hand information concerning the subject of her address.

Gifts of Beauty and Utility

Articles of fine Chinaware, the products of famous English Potteries, and Clear Cut Crystal are beautiful in themselves and at the same time are as useful.

The collection displayed by Mappin & Webb is noteworthy and Royal Worcester, Royal Crown Derby, Coalport, Cauldon and Aynsley are well represented.

The Glassware, whilst exhibiting Table Services in plain and ornamental patterns, includes specimen pieces made by artists in the trade.

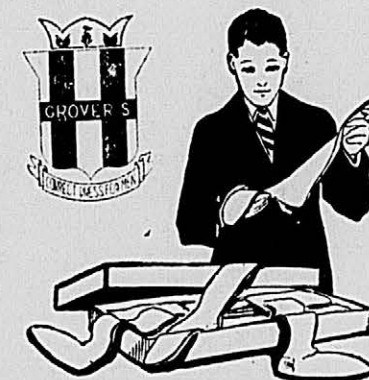

An inspection is cordially invited.

MONTREAL, SATURDAY, OCTOBER 21, 1922.

'Varsity vs. McGill

The decisive victory of McGill in the Intercollegiate Track Meet of yesterday afternoon is a notable achievement, and one that merits the heartiest of recognition by the college. Our Rugby Team will today attempt to do what the Track Team has already accomplished in the way of vanishing the 'Varsity squad when the two aggregations meet on the Percival Molson Memorial Stadium. The equalling of one, and the bettering of another intercollegiate record by the McGill track athletes are both performances that are phenomenal when the coolness of the weather is taken into consideration; and as we can thus remember with satisfaction the commendable manner in which the Track Team upheld the standards set in previous years, so we can anticipate with confidence the outcome of the rugby classic to be held this afternoon, never doubting for an instant that, win or lose, McGill will give the best that she has and will do full justice to the history of previous 'Varsity-McGill encounters.

Two weeks ago, 'Varsity put beyond all question her superiority on Toronto ground. This will be her first game of the season on an alien field and the result will be watched with interest by a crowded stadium, the inevitable accompaniment of a contest between these two great Canadian universities. Whether the final score show a victory for our visitors, or a victory for McGill the spectators will be privileged—in these days of casting aspersions in the way of sport, we may say peculiarly privileged—to witness an exhibition of gameness, sportsmanship and fair-play by men in the game for the game's sake. Once again in this connection we can do no better than to repeat that much used, but ever applicable phrase, "May the best team win".

AN INTEREST SERVED

Once more the university, through the agency of Strathcona Hall, has done its part to make the lot of those attending lectures at McGill for the first time an agreeable one. The "Conversat" held at the Hall last evening was, as usual, an undoubted success. Freshmen and Freshettes were officially, but informally, introduced to one another and forming our judgement from experience, as also from appearance, we gather that it was not at all a disagreeable occasion. It is hardly necessary to dilate to undergraduates of the advantages of acquaintance between the men and women at college; what it might be advisable to mention, however, is the advantage of having an institution, such as the "Conversat", to further the social relations between the Royal Victoria College and the mass of students. As social activities form no small item in the programme of the average student, any steps taken to foster these interests are worthy of the highest commendation.

There may be some men who obtain their degree without realizing the full significance of the Students Christian Association and the benefits to be gained by association with Strathcona Hall. However, these are the exception. To most undergraduates the results of the work undertaken by Strathcona Hall are apparent, and many comprehend that much of its influence is exercised through unobtrusive channels, and while less obvious for that reason, is none the less effective. The "Conversat" is a typical example of the assistance afforded the student in strange surroundings by the Hall.

EDITORIAL NOTES

The manner in which the Intercollegiate Track Meet was conducted yesterday reflects the greatest credit on the men who have been in charge of the preparation during the past few weeks. The spectators who witnessed the events being conducted in an efficient manner, on a track that was unusually good after the miserable day which preceded the occasion, little thought of the great amount of preparation that the meet involved.

The brunt of the work had to be borne by Reg. Henry and Phil. Gross, Manager and Assistant-Manager, respectively, of the Track Club and to them a great deal of the credit must be given. The officials and men in charge of the grounds and track are also to be congratulated.

It has never been the purpose of the McGill Daily to indulge in criticism when that could be avoided. Especially does it seem prudent to refrain from censure when the discussion of can not serve as a remedy. However, we feel it incumbent upon us to draw attention to the lamentable display given by the Rooters at yesterday's Intercollegiate Track Meet. Although there was a fair crowd on hand, no attempt was made to lead it in yells or songs until the meet was practically concluded. Track, as other sports, finds cheering an encouragement and an incentive, and it is difficult to see why the runners and jumpers should not have been heartened by some spirited "rooting". It would have demanded but little effort on the part of the cheerleaders to have conducted a few yells. We mention this in the hope that it may serve to prevent the repetition of such an evident lack of foresight.

MORAL STORIES FOR THE VERY YOUNG.

Once upon a time there was a hard-boiled Freshman. He used brass polish on his teeth and scrubbed the back of his neck with sandpaper. He was a tough guy and he did not limit the knowledge of the fact to himself. He informed the world about it. One day he saw a nappily-dressed, prosperous looking man lurking around Reunion.

"Just what I am after," said the hard-boiled one to himself passing judgment on the stranger. The Freshman accosted him and asked him in no uncertain tones if he would sell him a case of gin. BUT the snappy stranger turned out to be Hank and . . .

DEAN LAING TO ADDRESS MACCABEANS

Year's First Meeting Tomorrow

WINDSOR HOTEL

Speaker's Address, Entitled: "The Jews and the Romans."

The Maccabean Circle will open its activities for the year by holding its first meeting in the Oak Room, Windsor Hotel, on Sunday afternoon, at 2.30 o'clock. An interesting programme has been arranged. Dean Laing, of the Faculty of Arts, will deliver an address entitled, "The Jews and the Romans". There will also be some musical items and an address by the chairman outlining the policy of the Circle for the present season. It is hoped that a large number of students will take the opportunity of attending.

The Maccabean Circle needs no introduction. It was founded in 1905 by Jewish students of McGill for the study and advancement of Jewish culture and ideals. A few years ago it affiliated with the Inter-Collegiate Menoia, an international organization composed of college societies whose aims are similar to that of the Maccabean Circle.

The meetings of the Circle have always been of a high order of excellence. Eminent speakers, and interesting discussions and debates have helped to make its semi-monthly meetings highly successful and instructive. The programme for the present season is expected to surpass that of any previous year.

All students of McGill, and of the Royal Victoria College and eligible for membership. It is to be hoped that the Jewish students especially will give the Circle their support. It is essentially their organization and fully deserves their support.

Due to injuries received in an accident a few days ago, Mr. Otto Klineberg, M.A., the president of the Circle, will be unable to be present at the meeting on Sunday. Mr. S. Mirsky, B.Sc., the vice-president, will occupy the chair.

INTERCOLLEGIATE CHAMPIONSHIPS

(Continued from page 1.)

the third place. Kennedy did 21 feet and ten and three quarter inches, Patterson clearing 21 and one quarter. The cold was another factor that slowed down this event. The ground under foot was good but the men were not able to keep warm.

The mile was the best exhibition of track work given here for some time. Toronto set the pace and the McGill runners having both been in the half mile, were well content to follow. Hamilton, of McGill, trailed second for the first three rounds of the cinder path, while Legg kept well to the rear. The end of the third lap showed Toronto almost sure of a win. As they neared the last turn the pace quickened. Hamilton took the lead then as the final straight-away was reached, the last Toronto runner passed both Hamilton and his running mate and came on wide open to the finish to be caught about ten yards from the line by Legg, who in a terrific sprint past the three other runners in the last twenty-five yards, scored a win for McGill. Hamilton came in third after passing one of the Toronto runners and making a huge effort to get the other. Legg ran one of the best races possible. After running a dead heat in the half mile he ran against a freshman in the mile and in the finish showed his ability to run on his nerve and pass three men to score a win. The time for this race was four minutes fifty-two and two-fifths seconds.

The hammer was won by Bell, of Toronto. This weight slinger was in a class by himself in this event. Amarion and Freedman placed second and third respectively. Owing to the fact that Foss, the last year's star, has been with the rugby team, the event did not cause close competition. Toronto had only one entry in the hammer so that McGill scored the other two points.

Toronto scored another of their wins in the hurdles. Rowell, of the Blue and White team, came within a fifth of a second of the record when he topped the bars in 16-3. The McGill men were close behind, however, Consiglio trailing by four yards and Darling a bit more. These men did well and in the future they should rank among the record-holders. In the past year both have developed good form and with a bit more training will be stars.

Hay and Johnson, not content with starting in the other two events, came back again in the quarter mile. Away with a flying start, the runners, bunched together at the first turn, Johnson being forced back and Hay also trailing.

Once on the back stretch both Hay and Johnson opened out and running three abreast they covered the middle part of the run. The Toronto star slowed down and with Dave taking the lead and Hay close on his heels they ripped around the last turn and left the Toronto men to the rear. Then Dave again put on a spurt and finished strong across the line. Hay ran second and Innes third. The time was fast, being fifty-two and two-fifths seconds. It was as pretty a race as could be desired.

The three mile race was another Toronto victory. Goforth set the pace after the first mile and was not forced at all. Wiggins, of McGill, stuck to the Blue and White entry till the last half mile, when he lost out a bit and although he sprinted well at the end he was unable to overcome the lead that his opponent had gained. Stephen ran a nice race and although third was well up in the run. The time sixteen minutes and six seconds was, with the exception of last year within the records made in the past.

The one mile relay finished the meet. Toronto was most unfortunate in this event as one of the men lost both shoes when half way round the course, but with the typical spirit of their team, he finished the race. In spite of this handicap the invaders forced McGill to run their good reliable men, Hay and Johnson appearing again. In his last appearance on the track for McGill, Hay ran the quarter mile at a pace that was terrific, after winning thirteen points in two events, this heavy runner forced the pace and turned a good lead over to Johnson, who, with little trouble, won the race. "Dave" also entered three other events and at the conclusion of the meet was the worse for wear, having given his utmost to the track team. Walker and Tait, the other two runners in the relay, were new on the McGill track and showed possibilities of filling in the vacancies that the graduating men will leave.

The meet was undoubtedly a success to McGill. Coach an Wagner showed his good judgment in the selection of men and in the development of the team. The work of handling the meet was that of R. B. Henry, manager of the track team.

In the past year the Track Club has done much to put on the winning team. There was a fair attendance but the men there were strong for McGill, and though the cheering was not organized they did their best to encourage the runners on to victory.

Kennedy captured the highest number of points, sixteen in all. Hay was second with thirteen, not counting the relay. Bell caught 11 points for Toronto.

Legg furnished the hardest fight in the middle distance events that could be possible. Hamilton and Legg, fighting the entire distance and showing great power at the finish. They put up races that were without a peer in the meet.

Toronto won 4 firsts, 4 seconds and 7 thirds; McGill captured 9 firsts, 9 seconds and 6 thirds.

The summary:—

Throwing the discus Gaboury (M), Kennedy (M), Bell (T). Distance, 116 ft. 4 1-8 in.

THE MANLY SPORT OF SMOKING.

How true are the words of the old song, "For it's not for knowledge, etc." It never occurred to us before . . . our supreme ambition is to become a soph! ! ! The jaunty and sangroid air of these "noble" veterans of one year's experience has reduced us to complete despondency that we should ever aspire to their level. The other day we noticed a former friend of ours, (he is now a soph) who in the dusk of the locker-room, seemed to be actually chewing a large toothpick. Such manners! but then he is a soph. On closer examination, the protruding end of his toothpick appeared to be supporting an acorn. Just then his mouth gaped at the corner, and he gave an imitation of a cracked furnace full of Welsh coal. Our horror is overcome by admiration. How serious the mien, how great the transformation of one who only yesterday bawled for baby's own. We picture ourself parading the campus with a pipe. The co-eds must think we are at least juniors, more probably seniors. We do not notice them. How can they feel the elation of a born smoker? We are brought to earth by the howls of our friend, who babbles in a very unsophisticated way that he has "just swallowed the darned little thing." He refuses to be comforted by our plea that he can easily buy another pipe, but leaves hurriedly in search of water. The size and style of pipe seemed just the thing to us, but we are now of the opinion that slightly larger one is advisable, at least until we learn how to operate it. With this example before us, we resolve that when we are admitted to the high order of sophs, there will be several practices behind bars and in similar secluded spots, before we shall assume the dignity of smoking in public.

McGILL MEETS VARSITY IN FINAL MONTREAL APPEARANCE

Red and White Handicapped by Absence of Flanagan and Philpotts—Toronto Team in Fine Trim for Match—Visitors are Favorites—Stadium in Good Condition for this Afternoon's Contest.

The stage is set for the final appearance of the McGill football team in Montreal. The last college match of the season takes place this afternoon when Coach Shaughnessy's gridiron warriors encounter the champion University of Toronto team at Molson Stadium. Although the visitors are favoured to win to-day's contest, they will nevertheless run up against a much stiffer opposition than that which they experienced in Toronto. Many of the early season errors which proved so costly in the first contest with 'Varsity have been eliminated and the squad has the advantage of some measure of experience gained in the two Intercollegiate games played this season.

The line-up will be practically the same as that which was forecasted in the Daily yesterday. Flanagan will be forced to witness the encounter from the side lines due to the injury to his ankle incurred in the Queen's game last Saturday. Philpotts, whose name also appears on the sick list, will not be available this afternoon.

On the half line Frank Shaughnessy will call upon Little, Carrol and Manson. The latter has had no experience in the backfield but demonstrated clearly his line-plunging ability last Saturday and should be a consistent ground gainer. Eddie Crain will call the play and "Camp" Cope will hold down the flying wing position.

McGregor is slated to start at centre but it is a question how long his injured shoulder will hold out on him. "Don" Smith or Matthews will substitute for "Doug." Gamble will be stationed at the right hand side of centre and Woodruff will play left inside. Ambridge and Walsh are Shag's choices for middle wings with the captain on the left hand side. Fife will be found at right outside and on the other end. Charlie Robertson will get into action.

The 'Varsity team will be composed of the same players as took the field against McGill two weeks ago. They have a powerful half line and a

smooth working combination in Snyder, Duncan and Patterson. At quarterback they have captain Harry Hobbs, who has few superiors as a field general. Bartlett will start at flying wing.

The visitors will be strong on the outside wing positions with Rolf and Prendergast holding down these jobs. They are a speedy pair down the field under punts and are as deadly tacklers as there are to be found in Intercollegiate ranks.

Westman is an experienced middle wing and is a tower of strength on the line, while Taylor at the other middle is also an experienced man and showed up well in the first game. Warner and Rielly are the Blue and White insides and Weber is performing at the snapback position. The 'Varsity team is supported by an able set of spares. Most prominent of whom is Sandy Somerville the star drop kicker. Somerville is an excellent punter and dangerous man.

Thursday's snowfall which threatened to put a damper on the big contest has entirely cleared away and the field should be in excellent condition for this afternoon.

WATER-POLO TEAM WINS FIRST GAME

McGill Intermediates Defeat Maisonneuve in Fast Match

The intermediate McGill water polo team made its first appearance before the public last night, when it defeated the Maisonneuve hopefuls in a fast game at the Maisonneuve Baths. The score was 3-0, but the game was not won until the last quarter was finished. The Maisonneuve squad fought to the very end and threatened all the time but the McGill team could swim faster and the expert coaching of Mr. Vernot was much in evidence. The McGill team played as a team, while the Maisonneuve squad depended largely on individual rushes. Munro, Ross and Graham-Browne were the best for McGill, while Neasmith and Aird starred for Maisonneuve.

The first half brought out much fast play, the aggressive offensive of the Maisonneuve team forcing McGill men prevent an adverse score. Both goalies stopped brilliantly and in this department neither could be said to excel the other but Graham-Browne used better judgment in passing the ball to his teammates. In this period, the strong defensive work of Henderson and Davis and some wild shooting on the part of the Maisonneuve squad were all that prevented a score. The score at half-time was 0-0.

The third quarter began with a rush when shortly after the whistle blew Ross scored on a pass from Munro. A few minutes later Munro again passed to Ross, who again scored. Towards the end of the quarter Munro scored the third on a lone rush from centre. The fourth quarter the play quickened a little as the Maisonneuve team made great efforts to score, but they were unable to get one past Graham-Browne. The final whistle blew with the ball in play near the Maisonneuve goal.

The game was witnessed by about one hundred persons, most of whom were Maisonneuve supporters. Walter Foran refereed to everybody's satisfaction.

The line-up was as follows:

McGill.	Maisonneuve.
W. Aird	Goal

J. Henderson	defence
A. Davis	defence
S. Neasmith	centre
D. Mein	forward
W. Maloney	forward

R.M.C. TEAM WILL NOT BE IN TRACK

Automatically Drops From Intercollegiate Track Union

The Royal Military College has been dropped from the Intercollegiate Track Union. This is due to the fact that for two years they have not had teams in the track meet and they are automatically out of the game. The election of officers for the coming year was carried out. Prof. W. F. Brown of Toronto, is Honorary President. Mr. H. P. Salter, of Queen's, is President. D. M. Johnson, of McGill, is Vice-President, and Leigh, of Toronto, Secretary and Treasurer.

The question of a walking race being on the list was broug up. It is to be left over until next year, and the colleges will try it in college meets.

The two-twenty low hurdles were also considered. This race will also be tried during the next year and if successful entered on the list.

On January 15 a report will be made by the clubs considering the elimination of hammer from the list of events. Handbooks are to be printed also by the Union. The meeting was then closed.

In all probability the 220 low hurdles will be substituted for the hammer and the walking race seriously considered.

MACDONALDS PLAY McGill JUNIORS

Game on Old Campus at 10 a.m.

McGill Juniors are scheduled to fight it out with Macdonald's this morning at 10 o'clock on the Old Campus.

There should be a good turnout, if lectures do not conflict, for the two teams are said to be rather evenly matched and they, without question, will stage an interesting display of the Canadian game.

McGill is handicapped in Starke, who has so far this season been playing middle wing, has had his shoulder badly wrenched. His injury, although not too serious, is enough to keep him out of today's conflict. "Buster" Reid has been chosen to fill in the vacancy.

McGill will line up as follows:

Half backs, Gordon, Gorrie, Bourne,	
Davies; flying wing, Davies; quarter,	
Winslow; back, Generoy; outsides, Mc-	
Gillis, Millen; middle, Glasco, Abino-	
vitch; inside, Chalmers, Moore. Spares:

SNOW STOPS GOLF MATCH YESTERDAY

Dixie Links Covered With Blanket of Whiteness

PLAY ATTEMPTED

Thirteen Contestants Drive Off in Perfect Hockey Weather

Great was the disappointment yesterday morning when the sun failed to melt the snow which covered the Dixie Golf Course. Many players rose betimes to catch the 8.15 train only to find, when they reached the field of battle, that golf was impossible. The Professors-Students golf match was accordingly declared "off" for this year.

The Professors very kindly suggested that the students should spend the morning at the clubhouse. Many students availed themselves of the offer, and they take this opportunity of thanking their hosts for the enjoyable time which followed. Bridge was started, and continue until someone felt that a little fresh air would not do us any harm and suggested that the first and last holes be played "en masse".

A company was formed, and thirteen players fell in on the first tee. The snow was removed to make driving possible and, finding that the sand was frozen, Darling teed up on a mound of snow. He hit a "plucky" shot which, on landing, bounced once and then disappeared in the snow. The rest followed and when everyone got started it was quite a problem to locate each player's ball. Although originally in a group, the company presented a front of some 200 yards when half-way to the hole. Everyone managed to collect at the green when it was found that Chisholm and McCall were on four. Chisholm took three mashie shots to get down and McCall won the hole in a perfect six, one above par. All got away well from the next tee and the hole, a par five, was eventually halved in six when Gordon held a splendid two-foot putt with his "nublie".

A delightful lunch followed which was thoroughly enjoyed by all, and the enthusiasts then returned to town, each side being more confident than ever that success would have been theirs if the match had been played to a conclusion.

DEBATING LEAGUE IN MID-WEST STATES

Will Debate on League of Nations

At a meeting of debate coaches from fifteen colleges of the middle west recently at the Great Northern Hotel, Chicago, a permanent organization was effected and the question for debate for the year was determined. After considerable discussion on the fifteen questions which were up for consideration the one selected as being the best was, Resolved: That the United States should enter the League of Nations.

Six states, Michigan, Illinois, Wisconsin, Iowa, Missouri and Minnesota are to have representatives in the new organization which is to be called the Mid-Western Debate Coaches Conference and some of the schools which are members are: Lawrence, Ripon, Carroll, Albion, Northwestern, Illinois, Wesleyan, Hamline, and St. Olaf. The officers of the organization are Prof. Oliver, Northwestern College, Naperville, Ill., pres.; Prof. Schorey, of Coon, vice-pres.; and Prof. Boody, of Ripon, sec.-treas.

Prof. Franske reported the action taken at the Chicago meeting to the forensics board at its meeting. The board also took up the debate schedule for the year and the following tentative programme was arranged: a tri-state triangle with Albion and Illinois Wesleyan, and three other triangles, the first with Ripon and Carroll, the second with Hamline and Gustavus Adolphus, and the third with St. Olaf and Westminster of Fulton, Mo.

TOO MUCH FOR BEECHER.

Henry Wand Beecher was amused when he went into a Bowery restaurant on one occasion and heard the waiter give such orders to the cook as "sinkers and cow", etc.

"Watch me give that waiter an order which I believe he won't abbreviate," remarked Beecher at length, as the waiter approached. Then he said:

"Give me poached eggs on toast for two, with the yolks broken."

But the waiter, equal to the emergency, walked to the end of the room and yelled:

"Adam and Eve on a raft. Wreck 'em."

THUNDERING THOUSAND TO CHEER TEAM

Record Rooters Turnout Expected

ASSEMBLE AT 1.30

Burlesque Rugby Show During Half-time

A record turnout of rooters is expected this afternoon to support the McGill football aggregation in its clash with Toronto at the Stadium. Owing to the Intercollegiate Track Meet yesterday, no practice was held, but if Thursday's enthusiasm was any criterion, the thundering thousand should be in excellent form today. Rooters are requested to assemble on the Campus wearing caps and other McGill insignia, at 1.30 p.m., and led by the famous band, the student procession will wend itself to the Molson Stadium, singing college songs en route, and snapping out the McGill yell.

Students desirous of witnessing the game who have not already secured rooters' tickets are asked to buy their pasteboards at the Stadium wicket, and then fall in with the rooters. They are advised to purchase tickets before the rooters' arrival at the Stadium, as last Saturday a number of people found difficulty in gaining admission.

The burlesque footballers were out in force on the Campus yesterday morning, going through a gruelling workout on the snow-covered field. They are in admirable condition, and should provide much amusement when they put on their Rugby stunt at half-time this afternoon.

FRESHIES ENJOY SOCIETE WELCOME

The first meeting of the Societe Francaise was held on Thursday, the nineteenth, with a comparatively small but thoroughly appreciated audience. After the election of Miss Gwen Feilders as Vice-President and of Miss Kathleen Perrin as Sophomore Representative, the President, Miss Alice Roy, welcomed the members and introduced Mlle. Touren, the Honorary President, who explained the aims of the society and outlined the programme for the coming session.

Miss K. Perrin then gave a violin solo, "Two Wolf Songs," accompanied by Miss K. James. Her performance was very much enjoyed by the audience, as were also the other two special items on the programme. These were a vocal solo, Massenet's Elégie, by Miss K. James, and a piano solo, Macdowell's Dance of the Witches, by Miss Gwen Feilders.

Between these selections the audience joined in the singing of some French-Canadian chansons—Alouette, Marianne, A la claire-fontaine and others. The Societe has bought a number of copies of a selection of French songs, all of which they hope to learn during the coming winter.

At the close of the programme tea was served and the members engaged in conversation, in which they displayed a familiarity with French, which would have warmed the hearts of the members of the staff in the Department of Modern Languages had they been privileged to hear it.

It is unfortunate that as yet the members of the Freshman year, with a few pleasant exceptions, do not seem to realize the privileges which they enjoy in respect to student activities in the R.V.C. They have been, for the most part, conspicuous by their absence at such meetings, business or social, as have been held this session. It is trusted that now that lecture periods have been permanently arranged, the Freshman will find time to attend some of the student meetings.

IMPERIAL

Richard Kean, the distinguished legitimate actor, will be featured on the Imperial bill next week in characters from famous plays. Until he entered the Music Halls, Mr. Kean was one of the best known character actors in England. During the days of the late Sir Henry Irving, he was known as the distinguished actor's double and was frequently called to play Sir Henry's roles. A few years ago, he conceived the idea of using these parts in the Music Halls, and for this purpose he worked out a quick change device that enables him to change from one character to another almost instantaneously. In this offering he takes the big scene from unusual standard plays, and offers some of the best known characters in the drama. Love and Stella offer a triangular entertainment, the sides of their triangle being songs, dances and costumes, the points being held in place by a musical comedy idea.

Ross and Foss are seen in singing instrumental novelty. They are natural showmen and they have made their little specialty as odd as it is novel. The favorite Prima Donna, Mabel Berra, is a recognized vaudeville star. She has gained much success in comic opera. She wears some stun-

SENIORS WIN INTER-YEAR R.V.C. TENNIS

Seniors and Freshies Struggle in Snowy Weather

WELL MATCHED

Miss Perry and Miss Roy Win in Doubles

The finals in doubles of the R.V.C. Tennis Tournament were held yesterday morning. The Seniors, who were upheld by Miss Alice Roy and Miss Francis Perry, defeated the two first year contestants, Miss Adery Carter and Miss Secord. After well-played and hard-fought sets the victory finally went to the Seniors.

At the beginning, the Freshies had the advantage, but the Seniors soon began to master Miss Carter's low cuts and returned swiftly and well. As the playing of the Seniors grew more steady, the Freshies became rather uncertain, and weakened. Many duce games were played and towards the end it became merely a question of endurance.

The Seniors won the first set, the score being 10-8. The next set went to the Freshies, the score again being 10-8; the final set, however, went to the Seniors, by score of 6-4.

Both teams played fine games and only the steady playing of the Seniors brought the victory to them. Miss Perry's serve was low and swift and though the freshies played careful returns they early became bothered and uncertain. Miss Roy played a stellar net game, one which kept her opponents every minute on the watch, testing their returns to the very utmost.

Miss Carter's playing was characterized by a wonderful serve which gave the freshies the advantage in the beginning. Her low cuts were nearly always well placed, bringing victory again and again to the Freshies. Miss Secord's playing was steady and for the most part sure, backing up her partner in many well placed combinations.

At the beginning of the last set all four players were fairly exhausted. The freshies battled silently but they did much smashing out of courts. Miss Roy's swift net plays and well-calculated placings baffled and wearied the freshies time and again, repeated rallyings on Miss Carter's part failing to bring victory to the freshies.

The Inter-Year Championship now rests with the Seniors, to win which championship they certainly put up a wonderful fight.

ning costumes and displays her histrionic talents which she has so much of. James F. Kelly and Emma Pollock present "Vaudeville Past and Present". This pair are often called graduates of glee. Glee in its true meaning is both comedy and song and this definition is correct as far as this clever couple is concerned. Completing the vaudeville portion of the bill and George Damerel and Myrtle Vail in a Musical Satire.

William Farnum appears in "Moonshine Valley", the photoplay for the week.

CROCKER CAPTURES TENNIS SINGLES CHAMPIONSHIP

W. Crocker Wins After Hard Battle With "Bud" Thomas of Queen's—McGill and Toronto Defeat R.M.C. in Doubles—McGill Goes Into Finals.

W. Crocker, playing brilliantly up-held the honor of old McGill yesterday, in the tennis trials at Kingston. By defeating "Bud" Thomas, who is also of Queen's best bets in Senior Rugby, he won the intercollegiate singles. The score, 6-4, 8-10, 6-3, 2-6, and 6-1, tells its own tale.

In the morning Thomas met Larkin of Varsity and defeated him by the score 6-3, 3-6, 6-0. Crocker then met Morrice also of McGill. The match was very closely fought, the

three full games being contested in the last set at 4-4, 6-6, 7-7. The final score of the match was 6-3 in favor of Morrice, 7-5 in favor of Crocker, and 9-7 in favor of Crocker, who won. Crocker then met Thomas.

The doubles in the intercollegiate tennis tournament commenced in the afternoon with Morrice and Douglas, McGill, winning from Hunter and Gill, R.M.C., 6-1, 6-0. Williams and Phillips of Varsity won from Sladen and Gunn, R.M.C., 6-1 and 6-2. The winners of these two matches also played off their semi-finals resulting in a win for Morrice and Douglas, McGill, 6-4, 6-3 over Williams and Phillips of Varsity. Morrice and Douglas are therefore now waiting for the other games to be played when they will play in the final match.

Crocker, Winner of Singles.

WHO'S WHO ON THE TEAMS

The following are short biographies of the Varsity footballers who play at the Stadium this afternoon:

WARREN SYNDER came down to Varsity in 1920 from Oakwood Collegiate Institute, the High School Champions of 1919. From a high school star he quickly graduated to senior ranks. On the Intercollegiate playoff at Kingston in 1920 he demonstrated his all around ability as a half back by his spectacular work as a ball carrier, punter and second line defence man. Last year he was the mainstay of a young and inexperienced half line, and although he played a useful and effective and at times brilliant game, he has not yet fulfilled his possibilities. This year with experience and seasoning he should be second to none as half-line player.

NORM. TAYLOR first played Rugby with Parkdale Collegiate Institute. In his first year by consistent playing he battled his way from the third to the second team and his line plunging at middle wing was an effective factor in winning the intermediate championship. In spite of a recently broken arm he won a place for himself on Laddie Cassell's Dominion Championship team of 1920. Last year he was one of the best snap-backs in the game. This is Norm's final year at Varsity and his third on the senior team, and as a middle wing he is expected to play the best football of his career.

SANDY SOMERVILLE made a name for himself as an all around athlete at Ridley College and made a place for himself on the senior team in his first year at college. He is easily the best drop-kicker in the game today and can drive a spiral as far as the best of them. With a year's experience in senior company.

GORD DUNCAN was captain of last year's Varsity Intercollegiate champions. He is one of the most reliable players in the game and is equally effective on the defensive or as a ball carrier. This is his fourth season as a regular on the squad. For the past three years he has played flying wing and in this position is second to no one in Canadian Rugby. This year he is making his debut on the half-line and is expected that this change will enable him to show his all-round ability to better advantage.

ERNIE ROLPH began his Rugby career at St. Andrew's College. From here he graduated to thearsity intermediate Intercollegiate Champions of 1919. For the last two years he has been a regular outside wing on the Varsity team. In this position he has maintained the tradition of Varsity tackling and did his share in making the Varsity "kicking game" so effective. According to followers of the game, Ernie is

tackling better than ever before, if possible. Incidentally, he is president of this year's Rugby Club.

BOSTON REILLY is also a graduate from the Varsity II. of 1920. He evidently learnt the game in that school of hard knocks because he made a regular berth on the first team last year. He is a terror to opposing line men.

CLIFF WEBER learnt the rudiments of Canadian Rugby during two years with Junior Arts. Looking for bigger game he turned out at the Stadium last fall and immediately attracted attention. It looks as though Cliff will have the duties of snap-back this year and judging from form in practice he is going to be one of Varsity's strongest tackles.

"BILL" MILES, a freshman in Arts, is the only benedict on the squad. He has made a very good name for himself as an all-round performer with T.R.A.A. and Bill should satisfy his ambition to play on a championship team this season.

RED MURRAY is one of the old timers with the team. He played quarter for the II's in 1919, since then he has been Harry Hobbs' understudy. When called on Red has responded nobly and has more than once led Varsity to victory.

"TOM" WARNER is another find from the Mulock series. He first appeared with Junior Dents. He made a berth with the seniors last year.

JIMMY PATTERSON hails from the Sarnia Collegiate Stable, and is a money bet at any time. He first attracted attention when playing for Junior Meds.

BILL PRENDERGAST has made his way to the first team by the usual method of graduation from the Varsity II. Last year he filled in nicely as a substitute for Frank Fisher.

FRED BARTLETT is a product of Harbord Collegiate and a good one at that. He first attracted attention in Varsity rugby circles when playing for Victoria, Mulock Cup champions of 1920. Last year as his first year on the senior team and he was a most capable substitute for Gord Duncan.

GEORGE WESTMAN came down to University to take a course in Honour Rugby and Hockey with Pass Dentistry, also on the curriculum for the sake of local colour. For the last two years he has been one of the mainstays of the Varsity line.

HARRY HOBBS is captain and quarterback of this year's Varsity team. He is one of the most experienced players on the squad and is noted for his speed and ability to use his head. He plays back for punts or up on the second line defense with equal facility. He began his football career as a star with Harbord Collegiate Institute. In 1919

he was captain of T.R.A.A. Club, O.F.F.U. champions. Since then he has played three years with Varsity and is now in Fourth Year Dentistry.

The following McGill men are upholding McGill this afternoon:—

AMBRIDGE, D. W.—With McGregor, Ambridge is the veteran man on the McGill line. He has been with the seniors since 1919. Prep. School, Lower Canada College, Faculty Science 4th, came to McGill in 1919, weight 172 pounds.

"BONES" LITTLE—Played senior basketball or two years. In his first year at McGill in 1919 he played rugby with the intermediates. In 1920 he made the senior team. This year he was shifted from flying wing to half back. Prep. School, Ottawa Collegiate, came to McGill in 1919, Faculty Medicine Fourth Year, weight 152 pounds.

PHILPOTTS, N. W.—Third year in the Rugby game. Prep. School, Hamilton Collegiate, came to McGill in 1919, Faculty Medicine Third Year, weight 165 pounds. "Phil" will be unable to perform this afternoon because of an injury received in Toronto, where he was the mainstay of the McGill team in its first game.

"DINK" CARROLL came to McGill in 1920 from Varsity, where he played in 1919. Comes from Guelph, Ont. Faculty Law, Third Year. Dink will hold a halfback position.

G. E. CRAIN—This is Crain's second year on the squad. Crain is not new to the game. Came to McGill from R.M.C. in 1919.

CAMPBELL COPE—Campbell Cope, brother of Selby, is going to fill the flying wing job. Cope is a new man on the senior squad. But made a good start against Queen's last week. Came to McGill in 1920. Played junior last year. Prep. School, Westmount H. School, Faculty Arts, Third; weight, 138 pounds.

MANSON played English Rugby and basketball last year. Coach Shaughnessy thinks he is picking up fast. He will hold a half-back position against Varsity this afternoon. Is a consistent line-plunger.

DYER—Also a new man on the team. Dyer hails from Alberta. This is his first year in Eastern football. Dyer will be used as a substitute on one of the outside wing positions.

MCGREGOR came to McGill last year. Prep. School, Hamilton Collegiate Institute. Faculty Medicine, Third Year. "Doug" has played a consistent game this season and although he is suffering an injury to his shoulder, "Shag" has decided to start him this afternoon.

WALSH—Walsh will give a hand to Ambridge and play right middle. He's a new man from Iowa, and has shown flashy line plunging ability.

ROBERTSON—Charlie has been showing great improvement this week. "Shag" will use him on the outside wing. Robertson was one of Lower Canada College's star hockey and football players.

FIFE—Like Dyer, Fife comes from Alberta. This is his first year in Eastern football, but his deadly tackling has earned him his position on the squad.

WOODRUFF played last year with the Yale Freshmen. Will play at left inside wing. Is a steady line-plunger and good defensive man.

McGILL TRACK TEAM ENTERTAIN TORONTO

Dinner at Union After Meet

The conclusion of the track club work on the field was an informal dinner in the Union. The two clubs were present and with alternating seats the teams were well mixed, so that many arguments were made. After a party dinner was consumed Dr. Tees Hon. President of the Track Club made a few potent remarks in introducing the speaker. The captain of the Toronto track team spoke briefly congratulating McGill on her victory. Prof. W. E. Brown also praised the McGill men and mentioned his appreciation of the good shape the grounds were in and the effective manner in which the meet was handled. Captain Hay of the McGill team also spoke shortly. He mentioned the splendid fight the Toronto team offered. In conclusion the teams cheered each other before going on to other entertainment provided by the Red and White Club.

To those whose dirty cords are but an indication of their owner's carelessness, this does not apply; but to the many juniors whose financial condition necessitates the wearing of these cords when they are more fit for the rag bag, it may prove a profitable suggestion.

A Missouri sophomore, the story goes, accidentally ripped the leg off his trousers in jumping from some machinery where he had perched himself to view an entertainment. Not to be outdone by circumstances, the ingenious soph tore the leg into small pieces when he sold to the only-too-anxious Frosh for ten cents apiece, and obtained \$13.70 in short notice.

He now sports a brand-new pair of corduroys and has a bank account of \$7.70.

CONVERSAT AT THE HALL LAST NIGHT

Record Crowd Attended Social Event

MANY FRESHMEN

Miss Margaret Wong Addressed Students

Graced with the presence of Mrs. F. D. Adams, Miss Hurlblatt and Mrs. J. G. MacKay, last evening's conversat was a decided success. The social event commenced at 7.45 o'clock in the Assembly room of Strathcona Hall. The auditorium was tastefully decorated in shades of red and white, adding a softening effect to the camaraderie which was displayed throughout the evening. Many freshettes and other ladies from the R.V.C. in divergent colors, paraded up and down before the admiring eyes of veteran collegians and freshmen. The young ladies immediately on their arrival, with their names pinned to them, grouped themselves alphabetically about the room. The men, with similar identification cards, took advantage of introducing themselves to the demure damsels. As soon as the introducing had been as nearly completed as possible, the luckier individuals carried

off their partners for an interesting chat of about five minutes. The freshman's remarks often caused the young lady much uneasiness, which he generally noticed, causing him no small amount of tripitation. He would gladly leave his new acquaintance to draw a deep breath, and delight in his own freedom for a short time. The veteran students with that savoir faire which one or more years at college give enjoyed themselves even more than their greener brothers.

Towards the middle of the evening Miss Margaret Wong, a graduate of Toronto and Oxford Universities and former dean of the Ladies' College, Toronto University, who has been travelling over Europe in the interests of the S. C. A., addressed the students.

The social function of the European Colleges, she said, are slightly different from those of McGill. At Riga, for instance, a social evening generally starts about 9 p.m. with a concert which lasts about one hour. The rest of the time is spent in dancing, the party breaking up about 8 a.m. Refreshments were hardly ever served. As most of the students have to work their way through college the lectures are from 7-9 a.m. and from 4-9 p.m., thus enabling them to toil during the day.

Most of the male students in these countries, owing to bad conditions, have only one suit, and it is customary to wear it to all functions. It is also a custom to lend one's suit and boots to less fortunate individuals, the self-sacrificing person staying in bed, thus missing his lectures. It is also necessary for most students to know at least three languages in order to get the best.

Following Miss Wong's interesting address, te conversats were continued, and refreshments were served at the close of the evening.

E. TOWNSHIPS CLUB TO HOLD FIRST SMOKER

Fifty-Two Freshmen Eligible

STRONG EXECUTIVE

Social Event at Union on Wednesday Evening

The Eastern Townships Club of McGill University will open its year's activity with a smoker in the Union on the night of Wednesday, the twenty-fifth of this month.

All undergraduates from the Province of Quebec, exclusive of the cities of Quebec and Montreal, are eligible for membership in the Club, and are strongly urged to attend. It is common knowledge that the purpose of Sectional Clubs is the promotion of acquaintance between men at college from definite divisions of the Dominion.

There are fifty-two Freshmen in McGill this year from the district above mentioned, and there is no reason why they should not all become members of the E. T. Club. The Club's record for the last few years has been one of continual activity. Its social functions have been of the most interesting and entertaining. It is more and more becoming established in the permanent scheme of things at McGill as a unit of much value to its members.

The executive for the year is composed of men who have proved themselves in other lines as men of activity and judgment they are firmly determined to spare no effort to strengthen the position of their Club; but they cannot do this without a sympathetic membership to support them.

The membership fee for the year is one dollar. While a charge is made up on the members for functions, such as dinners and dances, which entail much expense, smokers are provided out of the revenue from the fee. There will be no charge for the smoker on the twenty-fifth.

It is to be hoped that many men will take an interest in the purpose and accomplishments of the E. T. Club. Its aim is not selfish. The charge of narrowness, which has repeatedly been brought against all the organizations of its nature at this university, is entirely unfounded. It purposes, while it strengthens the sympathies of Quebecers with each other, to promote good-feeling towards other Sectional Clubs through the medium of joint activities. Recognizing this, the Principal of the University himself has accepted honorary membership in the E. T. Club, and it is expected that he will be among those present at the smoker next week.

Further details will be published at the beginning of the week. The executive has learned with sorrow that the former Treasurer of the Club, H. R. F. Holtham, is in the Royal Victoria Hospital, where he has just undergone a serious operation. Encouraging reports have been received from the hospital, and it is very likely that Holtham will soon be back at the University. The best wishes of all former members are extended to him.
